

True Reflections

WHAT LOVELINESS! The rugged mountains have taken on added beauty as they look up from depths of water. Perhaps it is due to their nearer and less austere appearance. They have been softened and humanized. We view them with less of fear. The high, cold, and majestic are too much for us of the everyday. But when caught in the transforming grace of the lake they call to us and claim our appreciation.

And so it is with your ideals and mine... with your strength, courage, patience, kindness and even with your church. They are so faithfully reflected in the words we speak and in the deeds of our hands. They are brought within the common experiences of human fellowship. Blessed are the "meek, the humble, the merciful, the pure in heart," when we meet them on our level. The great and glorious ideals need ever to be reflected from the lower waters of the family and the neighborhood. There our friends see us as we really are. They appreciate the graces and good values of nobility of soul. All the high dreams of our spirits must be translated and reflected back, as it were, from the lowly waters at the foot of the mountain peaks. You and I are known by the reflections seen. The waters do not quench our ideals. They beautify the highest and best in us. What are your reflections like?

Planning Commission

Tract Maps of 192 New Homes Okayed

Auto Sales

The Planning Commission recommended approval of the petition of South Shore Motor Co. for a variance and conditional permit to operate a Lincoln-Mercury sales, service, and parts business at 1213 Engracia providing no body repair or paint departments are included. The City Council will be asked to give final approval.

Fertilizer Plant

Upon the recommendation of County Health Officer Roy O. Gilbert that such an operation was important to the health and welfare of the community, the planners recommended approval of a request to operate a fertilizer grinding and storage plant at 5301 Del Amo Blvd. The Los Angeles County Health Department said the operation of the plant by the Poultry and Rabbit Fertilizer Assn. was of great help in keeping manure hauled away from chicken ranches.

Change of Zone

A committee headed by Commissioner Robert J. Deininger was appointed to investigate a petition brought up by the Planning Commission to rezone Torrance Blvd. from Maple Ave. to Madrona from R-2 (two-family residence), R-3 (three-family residence), and C1 (retail commercial) to R-1 (single-family residence). The next hearing on the matter has been set for Nov. 19.

Rezoning

Another petition initiated by the planners to change the zoning in 21 tracts which have been built up on A-1 (light agricultural) property to R-1 was assigned to the committee headed by Deininger to investigate. Another rezoning recommendation that three locations on Della, Archer, and Atkinson Aves. in North Torrance be changed to R-1 from C-2 (general commercial) was given to this committee. Secretary Earl E. Lloyd pointed out that these lots had been built up as R-1.

Land Use Hearing

A public hearing on Land Use Ordinance No. 612 was held in compliance with the instructions of the City Council in delaying the law which came up for adoption recently. Lloyd ex-

plained that the present ordinance was outdated because of the rapid growth since its adoption in 1940. A call for comments from Lloyd brought none. A second public hearing was set for Nov. 19. The council will hold the final hearing in December.

60 New Homes

Tract map submitted by E. N. and C. G. Frame containing 60 lots and located at Yukon Ave. and 190th St. recommended to City Council for approval.

132 New Homes

Tract map submitted by Louis Laramore calling for 132 lots west of Crenshaw Blvd. between 182nd St. and 185th St. sent to City Council with approval recommended subject to proper fill and drainage as recommended by the city engineer.

182 Homes Delayed

A tract submitted by John E. Kettler containing 182 lots referred back to engineering department for study and information on what is to be done about a sump and drainage when Chairman H. R. Black of the committee investigating the tract reported that a tremendous sump hole existed in the area.

More New Homes

A tract of 29 lots submitted by Jim Norris was turned over to a committee headed by H. R. Black for investigation and report at the next Planning Commission meeting. The tract is located between Kornblum and Yukon Ave. along the north side of 177th St. Another tract in the area submitted by Mr. Albahten was referred to the same committee.

Set-Back Approved

Request of Mr. and Mrs. Leon Finch for permission to build a six-unit residence at Dominguez and Anapola with 10-foot and five-foot set-backs recommended to the City Council for approval. W. S. Van Doren, general contractor, represented the builders.

annual high school band day, to be held by the University of Southern California Saturday, Nov. 15, as a feature of the SC Washington football game at the Los Angeles Coliseum.

Fall Theme for Junior Chamber Dance Nov. 22

The advent of fall will be the theme of a dance sponsored by the Torrance Junior Chamber of Commerce the night of Nov. 22. Walt Sharon, chairman, announced yesterday.

Methodists Near Goal in Plans For Waleria

More than \$5000 has been subscribed to the building fund of the Waleria Methodist Church, that institution's bulletin said yesterday.

According to Roy L. Cornell, the fund now totals \$5208.82 of the needed \$8000. Aid of the Long Beach District was pledged to Waleria "first" the committee was told Thursday night by Dr. S. Douglas Walter, superintendent.

Meanwhile, plans were crystallized for the church's first annual bazaar, sponsored by the Women's Society for Christian Service, and planned for Dec. 5 at the recreation hall.

Five Torrance Prudential Men Named for Meet

Five Torrance representatives of the Prudential Insurance Co. have qualified for attendance at a business conference to be held Nov. 17-19 at the Hotel del Coronado, Coronado. Harry C. Harper, district manager, announced today.

The five—R. D. Fernley, C. E. Hartzell, S. A. Scott, R. B. Trezise and M. B. Simmons—were chosen on the basis of production of new insurance and outstanding service. Their selection is company recognition for excellence as life underwriters, Harper said.

Special problems concerning the industry will be discussed by delegates from Arizona, California and New Mexico during the three-day conference.

More than 1000 young musicians will perform intricate marching formations and play numbers together that they have been rehearsing separately at their schools.

Tommy Walker, director of the 104-man Trojan football band, has planned all the halftime activities, and the SC band will participate with the high school groups. William A. Schaefer, new director of instrumental organizations at SC, will conduct some of the numbers.

Most of the high school band directors have attended the SC School of Music, and half of them played in the Trojan band while they were in college. Schools and their directors who will participate in addition to the local group are Alhambra, Davison Stevens, Anaheim, Bill Cook; Avenal, Kenneth Woensner; Barstow, Gordon Sandford; Compton (Roosevelt Junior High), John Del Monaco; (or High), John Del Monaco; Corcoran, James Marase; Covina, William L.
